The lead retrieval **Barcode Scanner System** is a compact device that allows you to scan a barcode on a prospective buyer's name badge, and automatically capture his or her name, company, address, including email addresses, and sales qualifiers on paper or optional jump drive. (All leads will be e-mailed to main contact)

With our Standard System Rental, you will receive a scanner that:

- 1) Records the attendee information directly to the unit, and
- 2) Produces a paper print out of the data.
- 3) You will also receive a sheet of generic sales qualifying codes to effectively categorize your leads.

With our Handheld System Rental, you will receive a scanner that:

- 1) Records the attendee information directly to the scanner and the leads will be e-mailed to the key-contact post show.
- 2) Does not produce a paper print out. Optional printer available.
- 3) Your unit will be programmed with generic sales qualifying codes to effectively categorize your leads.

Our Additional Services include:

PERSONALIZED ACTION CODES - are questions, services, or products that you would like to attach to an attendee. Qualifying codes are an excellent way to determine what action should be taken after the event. Some examples would be: HOT LEAD, SEND LITERATURE, Sales Rep. Bob Jones, or Product X Y & Z.

SYSTEM DELIVERY & SET UP - just let us know the day and time that your representative will be available for us to deliver your scanner system to your booth.

JUMP DRIVE-get your leads on a jump drive.
